**Subject:** ARSG Agenda for January Meeting

Dear Stakeholders – Attached is an agenda for the January ARSG meeting for Tuesday afternoon, January 27<sup>th</sup>. There are quite a few topics, but many will go quickly. We plan to have a conference line for the meeting, courtesy EPA. San Juan County will provide the phone.

Toll-free Call-in Number: 1-866-299-9141 Conference Code: 303 312  
6861

Also attached is a letter from EPA, BLM, and Colo. Dept. of Public Health and Environment to Sunnyside Gold Corp. that I'm sure will be of interest.

Finally, below is a graph that Dan Wall with EPA generated using data collected last spring at the Howardsville gage and A68. This is the same data I sent out in the last ARSG email. The notes in the last email discussed metal loads. This is a graph of zinc concentrations as opposed to loads.

Hope to see you in the winter wonderland.

Peter Butler
